

Turo Tables

Design by Allermuir

The bezels of vintage dive watches inspired Turo's slim fluted leg profile, that in turn have been crafted with the same precision. The icosagon shaping of the leg adds a subtle focal point without disrupting the simplicity of its silhouette. Available as square, rectangular and

round tables in varying sizes, the desire was to create a simple yet stylish table for everyday use in every type of environment.

An icosagon is a shape with 20 sides and 20 corners
